REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:
Any comments considered necessary by applicant must be submitted no later than the Payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

The references alone do not anticipate the claimed subject matter. In addition, the references alone or further in view of each other do not suggest or motivate one to make and use the preparation as well as the references do not render obvious the claimed subject matter either in view of the factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) as well as the references alone or further in view of each other or in the absence of the references render the claims prima facie obvious in light of the Supreme Court's recent decision in *KSR International Co. v. Teleflex Inc (TFX)*, 82 USPQ2d 1385 (2007) for the claimed subject matter containing a hydroxylation catalytic enzymatic mixture of two enzyme systems which specification has demonstrated patentable subject matter over the art of record.

Thus, claims 1-6 have been found to be patentable.
